- Physical & Sensory (incl. Cooking)
- Understanding our world
- Personal Emotional Development (incl. PSHE/ RSE/ Citizenship)
- Expressive Art & Design
- Intensive Interaction
- Attention Autism Bucket
- Off-site learning/Community Awareness

Our Engagement Thread

The engagement thread is an assessment tool used with Pathway 1 but can be used across each pathway (if needed) to support learning and assessment in children who are working below the National Curriculum level and are following non-subject specific curriculums.

The Engagement model recognizes that engagement in learning is multi-dimensional and breaks this down into five areas, which are...

- Realisation - 'The light bulb moment!'
- Anticipation - 'Can they make predictions?'
- Persistence - 'Continued effort'
- Initiation - 'Can they be spontaneous'
- Exploration - 'Can they build on their initial interest & curiosity?'

PATHWAY 2

Foundation Stage
